A beast full of features when awake and inconspicuous piece of bathroom furniture while at rest. bathomatic bathler is epitome of the bath servant or its 21st century technological equivalent.

To celebrate the USA arrival of this remarkable product Unique Automation will stage a sensory $\frac{3}{4}$ geodome, where visitors can have intimate encounter with bathomatic bathler and iShower. Both products are controllable via LAN and there are Creston and AMX modules already written, available and in use.

Unique Automation has a portfolio of products for full bathroom automation:

- [bathomatic](#) - the World's only fully automated bath management system
- [bathomatic bathler](#) – custom baths automated and entertaining
- [iShower](#) - shower system (up to 500 ltrs / min on 12 outlets)
- Sky Shower – custom Corian rain showers in any size and form with cromax & aromatherapy
- steamomatic - instant steam with cromax & aromatherapy and more
- [WoW Switch](#) – a marine grade switch for yachts and automated homes
